

Install OA Clean on your Mac.

[ONE-TIME SETUP](#)

1. Install

Start with the DMG from OA Motion's GitHub folder.

1

Open the installer

Double-click the OA Clean .dmg in Downloads.

2

Move the app

Drag OA Clean onto the Applications folder.

3

Try to open it

Open Applications and double-click OA Clean.

Blocked by macOS?

Choose Cancel or Done – not Move to Bin.

2. Approve once

macOS blocks apps that are not registered with Apple. This does not mean OA Clean is broken.

1

Open System Settings

Use the Apple menu at the top-left of your screen.

2

Select Privacy & Security

Scroll towards the bottom to the Security section.

3

Click Open Anyway

It appears after OA Clean has been blocked.

Enter your Mac password, then click Open.
